HOW DO I SAY IT?
NUNA: (NEW-NA)

Founded in 2015, NUNA Consulting Group, LLC is a woman-owned small business headquartered in Los Angeles, California specializing in Native American public affairs driven by quantifiable communications strategy. The NUNA team is proud to create culturally appropriate solutions for our client base – the NUNA Family – who are comprised of national and regional non-profit Native organizations, Tribal governments, and Native community-owned businesses.

NUNA PHILOSOPHY

The Korean word for older sister, NUNA was a natural fit for the founding philosophy of NUNA Consulting Group, LLC. The philosophy where clients are more than clients – they are family – the NUNA Family. Ingrained in everything we do, we work together with you to find the best solutions for each Family Member and the communities you serve.
TRIBAL MEDIA OUTREACH GOALS

1. LISTEN TO YOUR INPUT
2. PROVIDE MATERIALS THAT FIT YOUR NEEDS
3. BECOME YOUR PARTNER IN CENSUS OUTREACH FOR TRIBES AND NATIVE COMMUNITIES THROUGHOUT CA
4. ENSURE CA TRIBES & NATIVE COMMUNITY HAVE A COMPLETE COUNT IN THE 2020 CENSUS!

KEY STRATEGY PIECES

TRIBAL ADVISORY BOARD
To make sure that messaging, materials, and outreach development are aligned with CA Tribes and CA Native communities needs we’re establishing a diverse 8-10 person board to keep tabs on our progress!

RESEARCH
Talking to Tribes, Native organization partners, and digital monitoring, we will develop a Research & Discovery Report to act as our collective benchmark to measure needs and effective channels.

COMMUNITY ASSET MAPPING
Working with partners is the only way we are going to get a complete count for Indian Country. CMC, CA Native Vote, NUNA Team, and CA Census Office will be lead by Diana Courtoyier in developing a Native community asset map to ensure all tribes and communities are engaged.

PARTNERSHIP BUILDING
To reach the goals of heightened visibility, develop culturally appropriate and effective materials, and build trust between the Tribes, U.S. Census Bureau, and the State, the NUNA Team believes this effort needs to bring together industry, academia, tribal nations, and health care industry to create a wholistic outreach program.

BRANDING
- Call to Native Artist to develop artwork specific to CA Regions (Nor Cal, Central, & So Cal) to be highlighted in all CA Tribal Media Work!
- 4X Studio - Native-owned graphic design firm

PRIORITIZE INVESTING IN TRIBES
In addition to the outreach funds provided by the state to tribes, the Tribal Media campaign is also funding “pop-up events.” An application process coming soon!

The Native Youth Engagement Project is aimed to invigorate Native Youth and Tribal Youth Councils in California to participate and get engaged in the conversation. Bringing on a seasoned Native Youth facilitator Jeni Brunoe, based in Los Angeles, NUNA will develop a training curriculum and output project to implement with 5-8 Tribal Youth Councils from around the state. The output project will be an art piece that will either be sent to Sacramento for the Press Conference & Digital Launch or selected Tribal Youth Council members will travel with the art piece to be a part of the event in-person. By reaching out to Native Youth to be engaged, NUNA has seen increased engagement by adults within their households and ultimately will inspire a more complete count. For the youth engagement training, NUNA will partner with the National Congress of American Indians which is currently developing 2020 Census curriculum for Native Youth.
